

## WE HELP YOU NAVIGATE THE PAPERWORK SO YOU CAN BOOST YOUR BUSINESS WITH ACCREDITED SYSTEMS

**Sometimes having appropriate accreditation can be the difference between securing a contract, landing a sale, or avoiding a penalty.**

However, despite their best intentions, many small-to-medium businesses are without the necessary accreditations to boost their business.

Carix helps businesses gain accreditation by providing the following support:

- Researching relevant accreditations and standards
- Identifying and liaising with suitable audit firms
- Working with businesses to gather documentation
- Sorting, compiling, analysing, reviewing and updating documents
- Undertaking gap analyses
- Helping record undocumented processes, policies etc
- Attending audits
- Assisting with post-audit follow ups and responses

What's preventing you from getting accredited?

- Limited time
- Lack of a dedicated staff member
- Don't know where to start
- Inexperience – never done it before!

**Get accredited  
and gain a  
competitive  
advantage for  
your business**
